

STEPS IN THE SCIENTIFIC PROCESS...

1. What is my question...?
2. What is my prediction...?
3. What will I change, measure, keep the same...?
4. What equipment will I need?
5. How will I record my data?
6. What does my data tell me?
7. Why do I think that this result happened?
8. How will I present my result to others?
9. What could I do next?
